

This clinic is for ALL Swim Coaches in Indiana!

Yes, it was started as the High School Coaches Clinic, but limiting it to that group will only limit the impact that our coaches are able to have on our sport in this great state. So, plan to be at this clinic!

One highlight of the clinic will be talks from one of the nation's top Peak Performance Consultants, Dr.

Greg Dale. Dr. Dale is the co-Author of "The Seven Secrets of Successful Coaches" and has worked with top coaches from all over the country.

In addition, you will hear from some of the best college, high school, and club coaches around.
