

DO NOT MISS THIS CLINIC!!! You will hear from college coaches who have their teams doing **AMAZING** things in four short years. You will hear from high school coaches who are not only getting it done here in Indiana, but also were coaching at the 2008 Olympic Trials. And how about hearing from the mad scientist of swimming himself-what cutting edge stuff is next? To top it all off, we have the Head Coach of the USA Diving Team who will share some interesting stories from Beijing - not just a talk for diving coaches!

And that is just the fun stuff - this clinic will also give you the opportunity to take care of two really **IMPORTANT** items you must handle before the end of the fall: 1) an IHSAA Rules Meeting and 2) a speaker who is an expert on the Virginia Graeme Pool and Safety Act - if you deal with a pool, you better be familiar with how this new law impacts you and your facility.
